How do I become a Contributing Member?

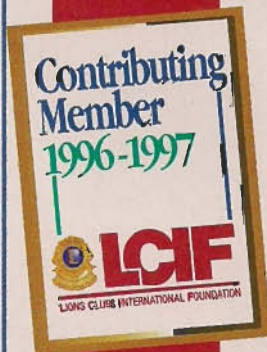

Every Lion has the opportunity to become an LCIF Contributing Member.

How? Through your individual donation of US\$20 you may unite with Lions around the world by contributing to a common fund.

Why? Together your donations will touch the lives of many people through LCIF's Standard grant programs. Your *unrestricted* gift will help provide:

- Resource centers for the deaf
- Mobile health units
- Camps for physically-challenged children
- Community education programs
- Disaster relief
- Facilities for the elderly

In recognition of your individual contribution you will receive a colorful LCIF Contributing Member lapel pin. Encourage all members of your Lions club to become **Contributing Members** and your club will be recognized, with a banner patch and chevron, as a 100% Contributing Member club. For each additional year of 100% Contributing Member status, your club will receive a chevron. To receive appropriate recognition, please include the name of each donor with Contributing Member donations.

November is LCIF Contributing Member Month.
