

Every Lion who sponsors a new member during the January-February-March District Membership Growth Program is eligible to receive this clutch pin. District Governors are responsible for ordering pins for deserving Lions in their Districts.

Let's JOIN HANDS To Grow

Dear Fellow Lion:

As we JOIN HANDS IN SERVICE, we work towards a continued future of meaningful service to mankind. As the world's needs grow, we stand united as a global force for good. Human need is always there, and we, as Lions, have willingly accepted the challenge to provide our ready assistance to the less fortunate.

As the world's needs escalate, so must our strength grow if we are to keep pace with the hurdles that confront mankind today. Bringing new members into our Association serves a two-fold purpose: It not only offers concerned, humanitarian men of good will an opportunity to serve, it assures us that there will be more hands to help build a strong foundation of service to others.

We are still striving to meet our membership goal of 1.5 million men. It's your assistance we need to meet that mark—your support is vital if we are to remain the world's largest, most active service club organization on the face of the earth.

We must grow together for Lionism, and there are several ways in which we can accomplish our goal.

Asking current Club members to provide a list of at least two ideal candidates for Club membership is one way to work towards our goal.

Another is to contact "dropped" members who had good service potential, and find out if they would like to be re-instated as active, involved Lions.

Every Lion who sponsors a new member during this three-month program will receive a special membership pin, which will serve as a symbol that he has JOINED HANDS IN SERVICE with his fellow Lions for the good of mankind.

Sincerely,

Dr. James M. "Jim" Fowler
President

The International Association of Lions Clubs
